ARE ALL EYES

DEFECTIVE?

Certain it is that many people experience no trouble with their eyes Naturally a very large proportion of those who consult opticians or occulists have defective eyes, because the trouble they have leads them to the consultation.

There have been quite a number of people in to see me of late who have nothing at all the matter with their eyes.

If you have any doubt as to the condition of your eyes it will afford you a great deal of satisfaction to know positively. I shall be glad to tell you.

ANOTHER FORGER.

Arrested in Winston Last Night and Will Be Brought Here for Trial.

A well dressed young man registered as H. R. Wilson, New York, at Clegg's Hotel, Monday at noon and in the afternoon wrote a check for $10 and Mr. W. F. Clegg cashed it. Later, he registered at the McAdoo as J. L Foster, New York, and asked Mr Brown, the clerk, to cash a $5 check. Mr Brown did so, but he and Mr. Clegg had a talk later and concluded that the checks were bogus.

They instituted a search for the man and went up to Winston at noon yesterday, and last night a 'phone message from there stated that they had captured the fellow and jailed him Officer Whittington, armed with a warrant and a pair of handcuffs, went up to Winston this afternoon and will return to-night with the prisoner, who will be given a hearing before Mayor Taylor tomorrow afternoon at 4 o'clock.

A traveling man told a Telegram reporter this afternoon that the forger is recognized as a professional crook, and uses a dozen different names. He knew the fellow as Joe Lamoyne.

Police Court Yesterday.

Four cases claimed the attention of Mayor Taylor at police court yesterday afternoon, and the gate receipts amounted to over $18.

The first case called was against Joe Lambeth, for riding a bicycle on the sidewalk. He paid $3 and costs for his fun.

Tom Turner, an impudent young negro, was charged $7 and costs, for assault and battery.

Joe Andrews and Richard Mortgage were charged with disorderly conduct, and contributed $4 each to the city treasury.

His Honor bound over to superior court in a bond of $100 Louise Allen, charged with keeping a bawdy house.

BRITISH ARMY IN PERIL

Evil Forebodings Rampant at London.

BOMBARDMENT OF KIMBERLY.

Reported That the Besieged Have Sent a Flag of Truce Asking for Terms of Surrender.

By Cable to the Telegram

London, Oct. 25—Anxiety over the perilous condition of the British army in Natal is aggravated today by the lack of official confirmation of the reported union of Yule's army with White's. The war office has not published any dispathes from White today, although it is believed the union was accomplished. The silence of the war office arouses the fear that evil news is being suppressed.

BOMBARDMENT OF KIMBERLY

London, Oct. 25--There is a report here that Kimberly has asked for terms of surrender following the bombardment of the besieged garrison, and is said to have sent out a flag of truce. A dispatch says that no casualties resulted from the bombardment, as the place was well prepared to resist assault.

GEN. SYMONS IMPROVING.

Cape Town, Oct. 25—The bullet having been extracted from Gen. Symons, his condition is improving. Four British wounded at Elanslaagte have died and five others are reported missing.

KLIPDAN OCCUPIED

Cape Town, Oct. 25—The Boers have occupied Klipdan, one of the principal river diggings near Kimberly, and are supposed to be advancing on Douglas. The inhabitants of that place have asked for protection.

KIMBERLY TO BE ATTACKED

London, Oct. 25—Cronje, after having been twice repulsed at Mafeking, is reported to be advancing on Kimberly. Free State Boers are moving westward to join Cronje in the attack on the latter place.

R. H. Hubbard came over from Winston yesterday.

C. Furber Jones came up from Charlotte yesterday.

P. L Pain went to Winston on the early morning train.

A. W McLucas represented Marion, S. C., here yesterday.

Albemarle was represented here yesterday by G A. Fisher.

Joe Fraley succeeds Mr. Kennedy in the grocery business.

H C. L. Miller, of Wilmington, was a guest of this city yesterday.

A new fence will take the place of the old one around R. J. Bell's resident lot on East Washington street.

Mr. and Mrs. Wm. A. Ring and child will return from Winston tonight, where they have been spending a day or so.

Mrs. Corinna Montgomery has begun the erection of her dwelling on the lot between the residences of T A. and Lane Sechrest, on East Washington street.

There was a "bar" in town yesterday. The "bar" man follows close on the heels of the organ grinder. Both are hunting a warmer climate in which to spend the winter.

Diruvius LaFayette Cornwallis Paynee, accompanied by W. Frank Armfield, went to Winston on the noon train to take in the horse show. We would like to see Diruvirus on the midway.

A cake walk under the management of Jess Edmondson was pulled off at the Anchor warehouse last night. One hundred or more white people were present. Dr. W. G. Bradshaw, Chas. Ragan and H. E. C. Bryant, of the Charlotte Observer were the judges. The management announced that the first on the program was walker number one, and the participants, as their turn came, walked to beat the band for the cake that was conspiciously displayed on the judges stand. Walkers number 2 and 3 were so evenly matched that it was decided to divide honors by cutting the cake in half. Music was furnished by the Greensboro colored orchestra.

RECRUITS WANTED.

Volunteer Regiments Full But You Can Join the Regular Army.

Lieut. Settle returned from Raleigh last night. He says he has twenty-seven colored recruits in that city for the Forty-ninth infantry. Four of these were sent to Jefferson Barracks, Mo., today and the others will be shipped Friday or Saturday.

There are two recruits in this city for the Forty-ninth. They will leave tomorrow.

Oscar G. Brown, a young white man, enlisted at the recruiting office here today for service in the regular army.

Orders were received here yesterday to cease enlisting for the Forty-ninth, except colored musicians for this regiment.

The Forty-ninth is the last of the volunteer regiments to be recruited, but Lieut. Settle requests us to state that he is still enlisting recruits for all branches of the regular army, including infantry, cavalry and artillery, and also for the hospital corps.

Some of the papers have stated that no more recruits are needed because the volunteer regiments are full. Mr. Settle says this is a mistake, and that about 2,000 recruits must be enlisted each month in order to keep the regular army up to its maximum number, which is 65,000 men.

For the information of those who have relatives or friends in any of the following regiments, we publish a list of the principal camps and the troops stationed there:

SEABOARD AIR LINE.

Atlanta Has Not Witnessed the End of its Growth.

The large and ambitious designs of the master spirits behind the Seaboard Air Line railway are at last about to be realized. When the trains of the Seaboard first made their appearance on the outskirts of Atlanta, no one realized that this modest beginning would finally assume the proportions of a railway system as large and as important as the newly consolidated system. But so it has turned out. The system has gone on pushing itself in various directions, buying connections or building them, absorbing lines or paralleling them until now its main line embraces three thousand miles, ramifying the most important portions of the south.

It is safe to say that we have not witnessed the end of the Seaboard's growth. The president of the system, Mr. J. S. Williams, is a young man whose energy and enterprise are certain to make themselves felt in all directions where, by the construction of new links, he may be able to aid in the development of the resources of the south and increase the power and potency of his system

So far as the railway situation is concerned, Georgia is happily situated. It is the only state in the south that has the benefit of four great competing systems—the Southern, the Seaboard, the Coast Line and the Louisville & Nashville. Thus this state becomes the seat and center of such competition as is now possible or probable.

In this respect, Atlanta is also fortunately situated. Three of these four systems reach this city, and it is to be hoped that in the competion for business, which is sure to become more strenous in the future, our merchants will have less and less cause to complain of discriminations and rulings. The fact that the road center here increases the importance of Atlanta as a distributing point, and this fact is sure to increase the influence of our mercantile and commercial interests.

The truth is, however, that the whole state will derive very substantial benefits from the operations of three great competing systems in the matter of both imports and exports, and the facilities introduced will give a fresh incentive to the development of our material resources.—Atlanta Constitution.

THE POLITICAL PROSPECTS

As Discussed By Senator Sullivan of Mississippi.

WILL BRYAN BE THE CANDIDATE?

The Mississippi Senator Thinks the Conditions May Change Between Now and June,

Special to THE TELEGRAM.

Washington, Oct. 25—Frank H Mason, consul general to Berlin, has written an interesting report to the department of state upon the International Motor Carriage Exposition at Berlin. The exhibition proper has been made by one hundred and twenty firms and companies, of whom eighty-one are German, four are Belgian, twelve French, and two from Switzerland. Not a single American or English firm is represented in his own name, although there are tires driving chains and other machine parts of English origin exhibited under the names of their German agents, and three of the most noticeable and admired electrical motor-carriages on exhibition are from the works of the Pope Manufacturing Company, of Hartford, Connecticut, and exhibited by the Motorfahrzeug and Motoren-Fabric, of Marienfelde, a suburb of Berlin, which firm has acquired certain patents of the American company.

In estimating the success of this exhibition it is essential to remember, says the consul, that automobilism, and the manufacture of motor vehicles are of comparatively recent birth in Germany. It is true that nearly all hydrocarbon motors, including the Daimler machines, are more or less direct variations and developments of the Otto gas engine, which is a German invention, and that the Benz Motorwagon Company of Mannheim, was one of the pioneers in the construction of horseless carriages. But the industry has developed slowly, and the Central European Motor Carriage Association, under whose auspices the exposition has been held was organized at Berlin as late as the 30th of September, 1897. In this respect Germany is in somewhat the same position as the United States—some years behind France, and distinctly later in the field than Belgium or England.

Senator Sullivan, of Mississippi, who is in the city, in discussing the political prospects, says that he believes if the nominating conventions were to be held at the present time, that McKinley and Bryan would again be the standard bearers of their respective parties. He is of the opinion, as gathered from his statements, that Bryan is touching rather lightly upon the silver issue just now, and that he is trying to change the issue to anti-imperialism. He says this appears to be a change in conviction on the part of Col. Bryan, as during the last congress he came to Washington for the purpose of urging democratic senators to vote for the ratification of treaty of peace with Spain, which provided for the purchase of the Philippines from Spain. Senator Sullivan was one of the few democrats in the senate who voted for the ratification of the treaty, and he says he sees no reason as yet for regretting the vote he cast. The senator says that the language of some men who are opposing the president's course in the Philippines, borders on treason. He says that he prays that his government may always be right, but right or wrong, it is the duty of patriots to sustain the men who bear the country's flag. "Let us be Americans first," says the Mississippi senator, "and democrats and republicans afterward."

Although the senator believes that if the convention were to be held at once, Bryan would be the candidate of the democracy, he does not believe that it is at all certain that conditions will not change between now and next June, which may cause the democratic convention to select another candidate. The senator himself evidently is not very warm towards the Nebraskan, and his statements while here imply that he doubts if the Colonel could defeat President McKinley next year.

Representative Marlin Olmstead, of Pennsylvania, will be married tomorrow afternoon to Miss Howard, of Lynchburg, Va. This evening he will give a dinner to the ushers and those who accompany him to Lynchburg. The party will go on a special car chartered by Mr. Olmstead. Mr. and Mrs. Olmstead will reside at Hasrisburg until the assembling of Congress, when they will be in Washington making their headquarters at the Shoreham hotel.

Virginia republicans in Washington say there is no truth in the reports that the Republicans in the state will support the independent nominees for the state legislature. They are of the opinion that most of the republicans will refrain from going to the polls on election day, and that of those who do vote fully as many will support the democratic nominees as will support the independent candidates. On the senatorial question, between Martin and Governor Tyler, it is believed that most of the Republicans would prefer to see Senator Martin reelected.

Among candidates for the seat now occupied by Representative Rixey, of Virginia, is ex-Congressman Meredith His friends believe that he stands fully as good a show as does Mr. Rixey for the nomination.

Mr. R. H. Ricks and wife, of Rocky Mount, are in the city for a few days, stopping at the Metropolitan Hotel.

Mr. William G. Taylor, a well known railroad man, of Norfolk, is also at this hotel.

MILLIONS TO WHIP BOERS.

Fiery Irish Member Turned Out of Parliament.

London, Oct. 23—In the house of commons today, Patrick O'Brien, Parnellite member for Kilkenny City, was suspended for declaring that the hands of Colonial Secretary Joseph Chamberlain were as much stained with blood as those of any murderer who ever mounted the scaffold The speaker, Wm. Court Girdy, called upon Mr. O'Brien to withdraw his remarks, but he refused to do so.

The House then, by a vote of 313 to 26, resolved to suspend him, and he left the house remarking: "You had better bring up another army corps unless you want it somewhere else."

THE WAR'S GREAT COST.

Sir Michael Hicks-Beach, chancellor of the exchequer, in reply to a question, made a statement of the expenditure entailed by the war. The expenditure for the year, he said, had been increased by the supplementary vote to a total of $806,205,000, but added that the revenue had increased, and he expected there would be an increase of $15,000,000 over his estimate of his revenue.

This would be a considerable contribution toward the unforeseen expenditure, and would leave about $35,000,000 to be provided. He thought there should be no addition to the fixed debt, but that the money should be raised by a temporary addition to the floating debt. He therefore asked for power to raise $40,000,000 by treasury bills, the whole question of repayment and of fresh taxation to be left over to the next fiscal year.

NOT LIKE PREVIOUS WARS.

Sir Michael also pointed out that the present war differed from previous ones, and that no one could foresee what the total cost would be; but the British troops had met with brilliant success and the colonies were loyal.

Although there might be something in to-day's news giving cause for anxiety, yet he saw no reason to anticipate that the campaign would not be brought to a successful conclusion within the period for which the estimates were framed.

BOERS MUST PAY THE COST.

As British colonies had been invaded, he considered it to be consistent with all the laws of war if, when it was brought to a successful termination, the Transvaal taxpayers should at any rate have to bear part of the cost.

The Transvaal, he continued, was wealthy in its gold fields. There had been complaints from the gold fields of excessive taxation, but he believed that under a pure and honest government it would be perfectly possible for the Transvaal to bear not only the ordinary expenses of government and of providing for the maintenance of peace and order within its territory, but also to provide a reasonable sum toward the expenses of the war, with a reduction at the same time of the taxation of the gold fields.

MAY ASK FOR MORE MONEY.

"If these anticipations are not fulfilled," he continued, "and the sum borrowed proves to be but part of the total cost of the war, we shall appeal to your patriotism next April. If fresh taxation were introduced now it might prolong the debate and produce a division which might be entirely misunderstood abroad I shall not take any course which will promote a division or prevent us from presenting a united front in this crisis."

Sir Henry Campbell Bannerman, the leader of the opposition, agreed that this was not the proper time to discuss the financial question, and that it was not desirable to show sign of disunion.

The proposals of Sir Michael Hicks-Beach were agreed to by a vote of 335 to 23.

His reference to the anxiety as to the latest news apparently referred to Lord Wolseley's announcement that the British were falling back from Dundee before superior forces.

The Dan Packard Company.

It is with genuine pleasure that the announcement is made of the engagement of the Dan Packard Opera, carrying a large orchestra, at the Academy of Music next Monday in "The Mascot," Tuesday "Fra Diavollo," Wednesday afternoon "The Mikado," and at night "The Bohemian Girl", as it is the finest organization presenting this season the sterling and popular operas of American and other composers.

All of the principals of the company are recognized artists and their ability to correctly sing the operas of the repertoire presented here is undisputed, while the costumes and staging is considered perfect.

Seats are now on sale at Fariss' drug store.

The Horse Show.

Greensboro sent a good-sized delegation up to Winston to-day to attend the horse show and county fair. The trains this morning and this afternoon, each consisting of five coaches, were well filled and a number will go up to-night, though it is expected the largest number of Greensboro people will be in attendance to-morrow.

The Gate City Band, which furnished music in the opening parade yesterday, returned to this city last night. The members report a delightful trip.

A message over the 'phone from Winston this afternoon says the crowd at the fair to-day is not quite as large as on yesterday, but every train brings additional people and we look for the biggest crowd of the week to-morrow.

A Correction.

An error occurred in the article in the Telegram yesterday contributed by Revs. Cecil and Hypes, entitled "What is Sanctification," which we are requested by the ministers to correct. The error occurred under the subheading of "Justification as Compared With Sanctification," in section five, which should read as follows:

"We do teach that it is a work subsequent to regeneration, and obtained instantaneously by faith, and that it is of God and for the believer."

WEDNESDAY, OCT. 25, 1899.

The man who said that a kiss is sweetest when it is surreptitious, was put out.

The Raleigh Times-Visitor, a much esteemed contemporary, comes out in a new autumn robe, largely improved in typographical appearance.

Congratulations to Winston on the auspicious opening of her fair. Greensboro is liberally patronizing it, as our neighbor patronized us.

One out of every 12,400 citizens of these United States is an author of some book. If we could find the proportion of the would-be authors, the number of men and women who have never thought themselves born to a brilliant literary career would be found surprisingly small.

One fact significant of the poor management of the American cause in Luzon is that Uncle Sam's soldiers—soldiers of the greatest nation in the world, and, in late years, a nation of conquest—are handicapped by having to use the antiquated Springfield rifle, while the Filipinos are armed with Mausers.

A public library would be the greatest advantage and blessing Greensboro could possibly confer upon her people. There are citizens in our town with big hearts and big purses whose greatest pleasure it would be, we doubt not, to help stock the library with volumes for the pleasure and for the enlightenment of those classes who are able intellectually, but not financially, to enjoy good literature.

Three squibs from three great, successful men on the subject of advertising:

I would as soon think of doing business without clerks as without advertising.—John Wanamaker.

Nothing, except the mint, can make money without advertising.—Gladstone.

When you pay more for the rent of your business house than for advertising your business, you are pursuing a false policy. If you can do business, let it be known.—Franklin.

While we of this pleasurable climate are strolling in the mellow Indian summer sunshine, and working in our stores and shops and offices without the unnecessary warmth of fire; while the weather is only lent a buoyant and delightful effect on the constitution by the tinge of frost in the air, and while the delicate-scented tuberose still flourishes in the warm sunshine—while these things are happening here, Boreas with his icy breath is sweeping the snow-clad hills of Montana and the avocations of the people of that unfortunate country must be pursued through three feet of the "beautiful" on a level, and twenty feet of it in drifts.

The blessings of our Carolina, when compared with the blizzards and cyclones of the west and the deadly fevers further south, are manifold.

The horseless carriage is a great thing. One of it greatest advantages is exemplified in the easy and quick distribution of mails by its agency in big scopes like Chicago and Philadelphia.

What a blessing the automobile would be in the rural districts of this country—for instance Guilford county—if the roads were only in a passable condition for the swift, tireless, noiseless machines.

But this leads us to the subject of good roads, which is one of the most important ones confronting the people of North Carolina. It will be some time before the horse and his colaborer the mule can be dispensed with, and if we will provide an easier path for their tired feet to to plod and by which wear and tear of vehicles can be lessened, we shall have gone a long way toward solving the common transit question.

The Philadelphia Record notices in the Raleigh Post that there are millions of feet of merchantable white pine timber in the forests of Western North Carolina and comments on the information as follows:

Because of the difficulty of getting the product to market the lumber industry in that region has remained undeveloped. But increasing scarcity will bring the timber into market; and if the people of North Carolina be wise in their day and generation they will profit by the experience of the people in the northern states and make timely regulations for the prevention of wanton ravage of their forests. The wooded lands may be recklessly laid waste, as have been the forests in Pennsylvania, or they may be made sources of permanent productiveness The forests add to the fertility of cultivated areas, hold in check destructive floods, prevent aridity and promote health."

The advance of industry is welcome, but it will be a cause for much sincere reluctance when our beautiful, waving, protecting forests are invaded in earnest by the lumber hunters, whose fieldsof employment are wearing out fast in other states of the union.

The Little Country Paper.

It's just a little paper—it isn't up-to-date;
It hasn't any supplement or colored fashion plate,
It comes out every Friday, unless the forms are pied;
The outside is home-printed, with boiler-plate inside.
It hasn't any cable direct from old Bombay,
But it says that "Col. Braggins is in our midst today."
It doesn't seem to worry about affairs of state,
But it tells us "Joseph Hawkins has painted his front gate."
It never mentions Kruger or Joseph Chamberlain,
But says that "Thompson's grocery has a new window pane,"
And that "the mission workers will give a festival,"

SMALLPOX REAPPEARS.

The Dread Visitor is at Roxboro and Near Henderson.

Durham, N C, Oct. 24—It is learned here that an expert visited Roxboro on yesterday and examined the smallpox patient there, and pronounced it to be a genuine case. Some dozen or more colored people have been isolated, in order to prevent the spread of the disease.

The board of aldermen of the city of Durham met today about noon and passed the following resolution:

It is ordered by the board of aldermen, that all persons coming from the towns of South Boston, Roxboro, and all other towns where smallpox is known to exist, to Durham, must show a certificate from some doctor, or an affidavit, sworn to before some magistrate or notary public that they have not been exposed to said disease, and that they did not come from any locality immediately contiguous to this disease, and that the mayor and chief of police are requested to enforce this resolution and cause all persons violating the same to be excluded from the city of Durham

M. E. McCown,
Mayor.

It is reported here that smallpox exists several miles from Henderson. At South Boston there are said to be some seventeen or eighteen cases.

HARRIS LITHIA WATER

Is the Strongest Natural Lithia Spring Water On The Market

And has the endorsement of the most noted physicians from all parts of the country as to its superiority over all other waters. Read what some of them have to say for Harris Lithia Water.

Asheville, N. C.

An extended clinical use of the Harris Lithia Water prompts me to the statement that I regard it as one of the best, if not the best, Lithia Water known to the profession. In the condition of Phosphatic Urine, its action is marvelous. Its use in the Rheumatic and Gouty diseases afford me more comfort than either the Buffalo or Londonderry waters.

Very truly yours,
John Hey Williams, M. D.

After a long and varied experience in the use of mineral waters from various sources, both foreign and domestic, I am fully persuaded that the Harris Lithia Water possesses efficacy in the treatment of afflictions of the Kidney and the Bladder unequalled by any other water of which I have made trial.

This opinion is based upon observation of its effects upon my patients for the past three years, during which time I have prescribed it freely and almost uniformly with benefit in the medical maladies above mentioned.

A. N. Talley, M. D.
Columbia, S. C.

Mr. J. T. Harris, Proprietor Harris Lithia Springs,

Dear Sir: While it is contrary to my custom to give testimonials to remedial agencies, I feel free to attest to the efficacy of the Harris Lithia water (when used in large quantities) in the rheumatic and gouty diatheses; in engaged states of the kidneys; in inflammation of the bladder, and in all cases where there is an excess of solids in the urine.

Yours respectfully,
Geo. Howe, M. D.

The waters of the Lithia Springs are odorless, free from color, with a pleasant saliney taste, rather palatable. When taken in considerable quantity, they do not nauseate, purge, or produce any feeling of discomfort. I find from the analysis of the waters, they contain Chloride Sodium, Carb. Potash, Carb. Soda, Carb. Lithia, Carb. Iron and Sulphate Magnesia. These waters act directly upon the mucous coating of the stomach and alimentary canal, they are powertully alterative and tonic. They are everything to inflamed or irritated surfaces. They act upon the blood, changing it from acid to alkaline. In indigestion, catarrh of stomach and gastralgia, supplemented with a proper diet, they are a certain cure. The action upon the kidneys is marked. The sodium, potash, soda, lithia, are the best solvents of uric acid, all calculi of an acid character, whether litary or cystic, are steadily dissolved. I am confident that the profession will find it very useful in cases where this class of water is required.

J. Q. Wilbur, M. D.
Walterborboro, S. C.

Read what the noted Dr. Thomas S. Powel has to say for Harris Lithia Water:

Mr. J. T. Harris:

Dear sir—I have found the use of the water from your Lithia Spring in South Carolina so efficacious in the case of a young lady patient of mine who has suffered for years with diabetes, with all its different attendants, that I want to add my testimonial to the many you already have. The patient I refer to has used the water freely at home for scarcely a month now, with more beneficial results than from months spent at the different noted lithia springs in different parts of the United States, besides long continued use of the same waters at home. Other of my patients and friends are now using the same with best results. I cordially recommend it to all suffering from similar diseases.

Very respectfully pours,
Thomas S. Pewell, M. D.
Pres. Southern Medical College, Atlanta, Ga.

Read what Prof. Joseph Jones, of Tulane University of New Orleans, has to say in regard to the virtues of Harris Lithia Water.

New Orleans, La.

Gentlemen:—I have used with great benefit, the Harris Lithia water, and regard it with favor, the water being highly charged with lithia.

Respectfully,
Jos. Jones, M. D.

Newberry, S. C.

I have prescribed Harris Lithia water in my practice, and am delighted with it in those cases in which it is indicated. In all those conditions in which there is uric acid in the system, in gouty and rheumatic diathesis, in cystitis and endocervicitis, causing painful micturition, in renal dropsy and dyspepsia, due to torpid liver or constipation, I have found the best results from this mineral water. Indeed, it may be used to advantage in any case in which its formula may suggest itself, especially when lithia is indicated. I recommend it to the public and believe there is no superior lithia water in this country.

Camden, S. C.

Mr. J. T. Harris:

Dear Sir—I enclose you in this letter several pieces of calculi passed by a patient of mine who has been taking the Harris Springs water for the past eighteen months. This gentleman has been a sufferer for two or three years with cystitis, caused from stone. The solvent power of the water has been, I think, clearly demonstrated in this case. All these fragments were passed in two evacuations from his bladder in the past ten days. I consider Harris Spring water a most exceilent remedy in the uraic acid diathesis, also in chronic dyspeptic troubles.

I am, yours respectfully,
A. W. Burnet, M. D.

Chester, S. C.

Dear Sir—For the past 8 months I have been using Harris Lithia water with the most excellent results, where I have been able to get my patients to drink a sufficient quantity daily. The carbonated has no equal in gastric disturbances. It is an excellent table water. It is a pleasant laxative, and is a sure cure for flatulent dyspepsia.

S. M. Cavege, M. D.

Baltimore, Md.

J. T. Harris, Esq., Harris Spring, S. C.:

Dear Sir—I have been using Harris Lithia water for some time, and I will say to you that it is my opinion that the Harris Lithia water is by far the best lithia water that I have ever used, and that it has done me a great deal of good, and I think that it is a most valuable remedy.

R. C. Hoffman,
Pres. S. A. L. R. R.

Policemen vs. Jays.

Correspondence Telegram.

A word or two about the flings that the "Jays from Jaysville" made at the High Point policemen in the opera house here last night. While the police force cared nothing for their silly talk, I think it just for the public to know the cause of their harrangue.

Yesterday just before the parade took place the trick bicyclist came out and after a few tricks rode his wheel on the sidewalk among the people, almost running over a gentleman who held a little girl in his arms. Under the ordinance of the town I arrested him and he paid his fine. This little incident is responsible for the whole sorry get off.

I might say in closing that most of the town was disgusted with the show's methods, especially in the matter of the big (?) concert affair.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now I am well and strong, I can't say too much in its praise." N. J. McDUFFIE,

The shock and strain of being fired from a cannon daily through a circus season, would seem to be extraordinary. But it is not nearly so wearing upon the average woman's nervous system, as the strain and drain of the every day life of the married woman, It is not the great shock of the storm which wears stone but the "continual dropping." So in woman's life it is not the great demands upon her energy which wear her out, but the interminable leakage of her strength through the diseases that affect the delicate womanly organs.

To stop this ceaseless leakage of strength is as much the desire as the duty of women. It can be done once and for all by the use of Dr. Pierce's Favorite Prescription. This medicine is not a cure-all but it is specially designed for a specific purpose, the cure of the chronic diseases peculiar to women. It dries up the drains, allays inflammations, heals the ulcerations and cures the displacements which are at the bottom of woman's miseries.

There is neither opium, cocaine or other narcotic contained in "Favorite Prescription."

"For five years my wife was in an almost helpless condition, suffering from female weakness," writes J. S. Everitt, Esq., of Hagerman, Washington Co., Fla. "Last September I decided to try Dr. Pierce's Favorite Prescription. She took several bottles of the medicine and gave birth to a ten pound son on January 31st, 1898. She is now sound and well and doing her housework."

A gift. Dr. Pierce's Common Sense Medical Adviser 1008 pages, is sent free on receipt of stamps to pay expense of postage *only*. Send 21 one-cent stamps for the paper bound volume, or 31 stamps for cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

Scrofula, a Vile Inheritance.

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse, until his condition was indeed pitiable. I had almost despaired of his ever being cured, when by the advice of a friend we gave him S. S. S. (Swift's Specific). A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health.

James Reed Injured.

Mr. James Reed struck his leg against a cake of ice in such a manner as to bruise it severely. It became very much swollen and pained him so badly that he could not walk without the aid of crutches. He was treated by physicians, also used several kinds of liniment and two and a half gallons of whiskey in bathing it, but nothing gave it any relief until he began using Chamberlain's Pain Balm. This brought almost a complete cure in a week's time and he believes that had he not used this remedy his leg would have had to be amputated. REV. S. A. DONAHOE

Testifies to the Good Qualities of Chamberlain's Cough Remedy.

On the 10th of December, 1897, Rev. S. A. Donahoe, pastor M. E. Church, South, Point Pleasant, W. Va., contracted a severe cold, which was attended from the beginning by violent coughing. He says: "After resorting to a number of so-called 'specifics,' usually kept in the house, to no purpose, I purchased a bottle of Chamberlain's Cough Remedy, which acted like a charm. I most cheerfully recommend it to the public." For sale by C. E. Holton, Druggist.

CRIPPLE FOUND CURE IN PRAYER

She Walked to Church Next Day to Give Thanks.

Shamokin, Pa., Oct. 23.—Mrs. Mary Hampton, of this place, who for seven months has been a cripple, was apparently cured last night by a prayer. Her injury, a sprained ankle, was due to a fall.

She prayed last night with Mrs. M. E. Whittemore, a New York evangelist, to have the use of her limb restored. This morning she was able to walk, and in the afternoon she went to the Presbyterian church to give thanks to God for her recovery.

WINE OF CARDUI

How a Woman Suffers.

HOWELL, IND., NOV. 26.

I will always praise Wine of Cardui. It has done me more good than all the medicines I have ever taken in my life. Please send a book about femal diseases to the ladies whose names I enclose

Mrs. MINNIE STODGHILL.

McELREE'S **Wine of Cardui**

It isn't necessary for a woman to give particulars. When she says she has "female troubles", other women know what that means. It means days and nights of endless suffering. It means headaches which no tongue can describe. It means that terrible bearing and dragging down in the lower abdomen. It means agonizing backache, and shoulder ache, and arm ache, and aches in the lower limbs. It means nerves on edge—the blues—despondency and loss of hope. It means debilitating drains that the doctors call leucorrhœa. It means martyrdom—sometimes even death seems preferable. And still Wine of Cardui will utterly put those diseases and pains to rout. It has cured thousands of cases when nothing else on earth would. To the budding woman, to the bride, to the wife, to the expectant mother, to those going through the Change of Life, this Vegetable Wine is a blessing.

STOLE A SET OF HARNESS

But Didn't Succeed in Getting the Horses.

Dr. W. L. Grissom discovered late yesterday afternoon that some one had broken into his barn and carried off his new set of double harness. He reported the theft to the police, but there is no clue to the guilty party.

It also appears that the thief tried to steal Dr. Grissom's pair of fine black horses. The stable was securely locked, however, and a door leading into the carriage room was broken open. It is supposed that the thief intended leading the horses through this door, for one of the horses now has a badly swollen foot, caused by stepping into a hole in the floor of the carriage room.

Dr. Grissom says he heard a noise night before last, but did not investigate, and he thinks it was caused when the horse stepped into the hole, and for fear the noise might attract some one to the barn, the thief fled.

Some think it was the scheme of the culprit to get the horses and drive them to Winston for the purpose of selling them.

THE GATTIS-KILGO SUIT.

The Supreme Court to Hear the Famous Controversy To-Morrow.

In the supreme court to-morrow morning the case of T. J. Gattis vs. John C. Kilgo, B. N. Duke and W. R. Odell, to recover $100,000 damages for defamation of character, will be argued.

Gattis is represented by Boone, Bryant, and Biggs, Guthrie and Guthrie, A. W. Graham, A. A. Hicks and Minor. Kilgo and others are represented by Winston and Fuller and R. O. Burton.

This suit grows out of the famous Clark-Kilgo controversy, and is based on certain statements made by Kilgo during the investigation before the trustees of Trinity College, and published by Duke, Odell, and others.

The case was sent up from Granville superior court on a demurrer.

Sam Ingram, who has held a position with the Telegram for two years. He has not fully decided, but will probably engage in business here.

ENTHUSIASTIC MEETING.

The Eagle Dramatic Club Elect New Officers.

There was a large attendance at the meeting of the Eagle Dramatic Club last night and all the members were enthusiastic.

The meeting was called to order by the vice-president, Miss Marie Wolfe, and the roll called and minutes of last meeting read and approved.

Names of several new members were enrolled and matters pertaining to the season's entertainments by the club discussed. It was decided to give two entertainments this season for the benefit of Eagle Hose Co. No. 7, the first to be given during December.

It is the purpose of the club to put on something new and novel and out of the ordinary of amateur performances.

This organization has always enjoyed the hearty support of Greensboro people, and deservedly so, from the fact that its members have contributed their time and money to make their entertainments a success.

The proceeds of all the club's entertainments are applied to the work of perfecting one of our leading fire companies, Eagle Hose Company No. 7.
